In the afternoon ride the Perkinsville road over to the Great Western Trail for more woods riding above the rim of Sycamore Canyon. Optional side trips to view sites and the Sycamore Water Fall on the 70 miles to the overnight in historic Williams again on old Route 66.

**Sunday** – Right from town, you can take an optional 20 mile side trip to the top of Mount Bill Williams for a spectacular 360 view of Arizona. Leave town on a short piece of old Route 66 heading back into the forest on dirt roads. # Basic Getting Started

Beginners and all 1<sup>st</sup> time Dual Sport event riders need to verify their bike setup and preparation, learn or confirm their GPS Navigation ability, and determine their level of riding skills and physical stamina. This must be done before committing to any of the longer more serious 2-Day rides. It is not smart or safe to get in over your head. These riders should begin with 1-Day Loop rides such as the Ride-for-Kids or the D37 Lost Coyotes. These rides also offer a much better chance to meet other riders with similar riding skills and experience.

## Experienced Rider Getting Started

First time Dual Sport event riders who consider themselves solid Intermediate riders who have actual experience riding at least 25 miles without a break and 75 miles in a day, should try the January Hi Desert 250 Short loops. Before tackling one of the serious 2-Day 250 mile rides, you need to make sure your technical riding skills and more so that your physical stamina is up to the demands of these long rides.

## Bike Size vs. Skill vs. Route

All Countdown rides offer either a standard **Dual Sport route**, some events offer an **Adv bike route**. The **Dual Sport route** is intended for very experienced Intermediates minimum on <600cc bikes. The **Adv bike route** is suitable for Lower Intermediates on smaller DS bikes <300cc, Intermediates on <600cc, Advanced riders on <850cc bikes, and Experts on Twins.

## Countdown Point-to-Point Rides

Point-to-Point rides have a very high level of risk. If you are unable to make it to the overnight, you have a problem with your overnight bag. The days are VERY long, most of the route is far from paved roads, cell service is marginal, and any rescue is very difficult. On many long sections, there is no bail-out, you must finish the section. There are no "Sweep" riders, you and your buddy are totally on your own!

**For these reasons:**

**All riders must enter with, ride with, & be responsible for at least 1 Buddy. No single riders! You must be able to be towed by or tow your buddy for many miles.**
